

Social Studies Worksheet

Here are some blocks that might be helpful when making a social studies project in Hopscotch.

Events: These will get the model started and help manage the program.

Game Starts

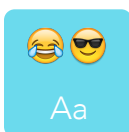

is Tapped

is Swiped Left

Text:

1.) Add a text object to help write text.

2.) Set text inside an object.

Set Text

How could emojis help tell the concept?

Visibility: use it to make objects appear and disappear.

Set Invisibility

Wait: add a pause to an object.

Wait
