

## Making a Story Worksheet

Here are some blocks that might be helpful when making a story in Hopscotch.

**Events:** These will get the model started and help manage the program.

Game Starts

is Tapped

is Swiped Left

**Visibility:** use it to make objects appear and disappear.

Set Invisibility

**Text:**

- 1.) Add a text object to help share the words of the story.
- 2.) Set text inside an object.

How could emojis help tell the story?

**Backgrounds:** add an image to set the background or use the set size block to make an object fill the screen.

Set Size

New Image

**Wait:** add a pause to an object.

Wait

**Loops:** Make blocks of code repeat.

Repeat

Repeat forever

**Scenes:** once multiple objects have been added, use the event blocks to help them interact with each other.

When

is tapped

**Sound:** Use sounds to highlight important moments in the project.

Set Sound
