

Social Studies Worksheet

Here are some blocks that might be helpful when making a social studies project in Hopscotch.

Events: These will get the model started and help manage the program.

Text:
1.) Add a text object to help write text.
2.) Set text inside an object.

How could emojis help tell the concept?

Visibility: use it to make objects appear and disappear.

Wait: add a pause to an object.

Drawing: Use the Drawing tools to draw lines in the project.

Loops: Make blocks of code repeat.

Customize blocks: create a block to use again and again. Copy code quickly and easily from object to object.

Sound: Use sounds to highlight important moments in the project.
